STAKEBORGDAO

ACHIEVEMENTS

SOCIETY

StakeborgDAO Society Achievements was born as a response to the hard work and dedication of *StakeborgDAO Community!*

We are *thrilled* to see how much we achieved in such a short period of time and how the community is taking shape and defines what a strong DAO mean. We want to take this opportunity to thank *The Bootstrapping Squad* for everything they've done and continue to do for *StakeborgDAO.*

And this is just the beginning!

Your actions inspired us to create an *NFT* project that, we hope, will motivate all of us to create, learn and teach others.

Mint them all!
